

# Ambie Plus

Award winning design with exceptional performance and style. From the initial spark ROBAX® NightView comes alive to transform the flame picture by softening the brightness and liveliness of the fire burning. Impressive convection and radiant heat delivery.

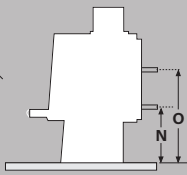

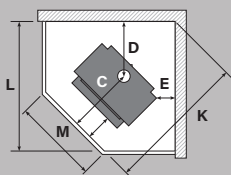

When the fire is not operating ROBAX® NightView obscures the view of the combustion chamber integrating perfectly into any environment thanks to its dark reflective surface. Finished in high temperature metallic black paint.

	Clean air approved model
Heat output	18kW peak heat output
Heating area	Heat up to 200m <sup>2</sup> / 4 bedroom home
Finish	Metallic black high temperature paint
Wetback	Optional 3kW wetback
MfE#	120835 (DRY) / 120836 (WET)
Emission	0.42gms (DRY) / 0.49gms (WET)
Efficiency	69% (DRY) / 67% (WET)
SKU	200-1951

Specifications were correct at the time of printing but may alter and those detailed should be used only as a guide. If in doubt, please consult your local Metro Fires stockist. Peak heat outputs (kW) are based on the NZHHA test method using dry pine with testing undertaken by independent International Accredited New Zealand (IANZ) testing facilities.
