LTD Rad Plus

The LTD Rad Plus features the innovative black glass-ceramic ROBAX® NightView from SCHOTT. Contrasting nicely against the metallic black paint finish, the upright vertical design with minimalist detailing, brings a clean and refined aesthetic with a magnificent flame view.

The unique firebox design delivers a super clean burn with incredibly low particulate discharge. The base compartment offers convenient storage with push-button door opening for easy access.

Wall clearances

Corner clearances

Minimum installation clearances with a Pioneer flue shield fitted (mm)

A	B	C	D	E	F	G	H	I	J	K	L	M
285	612	608	450	170	240	350	100	893	775	1244	1013	375

Model	Width	Depth	Height	N	O
Dimensions	525mm	553mm	961mm	530mm	720mm

LTD Rad Plus corner clearance (E) can be reduced to 100mm with Corner Wing Shields fitted. This also reduces clearances (D) to 380mm, (K) to 1145mm and (L) to 942mm. Specifications were correct at the time of printing but may alter and those detailed should be used only as a guide. If in doubt, please consult your local Metro Fires stockist. Peak heat outputs (kW) are based on the NZHHA test method using dry pine with testing undertaken by independent International Accredited New Zealand (IANZ) testing facilities.
