

# LTD Smart Insert

The LTD Smart Insert is designed for lifestyle and rural properties with a land area of 2Ha or greater. Modern styling with a flush front fascia and a unique firebox design to deliver longer burn times.

Designed for new and existing installations into either a masonry chimney or timber framed cavity. Installation into a timber framed cavity can be achieved by utilising the Smart Insert Vented Zero Clearance Cabinet (VZCC), ECO Built-In flue kit and optional fascia base rail. Fascia finished in metallic black high temperature paint.
