

ROOF PENETRATION FLUE SYSTEM UPGRADE \$400

Outdoor 850B

The 850B is the perfect fit when you want to customise your outdoor setup. Stainless steel levelling feet allow the 850B to be installed onto a non combustible custom plinth or benchtop to your desired design. The landscape door glass offers panoramic fireside views, safety during operation and eliminates wind blown ash and smoke nuisance often found with open outdoor fires. The closed-door brick lined firebox delivers impressive radiant heat to your outdoor living area.

Package includes: 850 firebox, levelling feet and freestanding flue system. Internal cooking grill and pizza stone (lift in and out of firebox). Pizza peel, fire rake, grill lifter and wall hanging bracket for tools.

SKU 280-0720
