

Tiny Ped

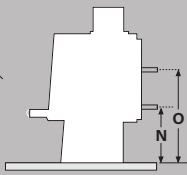

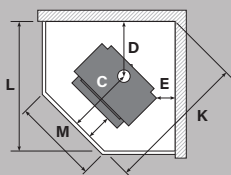

Designed to heat smaller homes and open areas. The Tiny Ped has the smallest footprint with corner and wall clearances of only 25mm and 60mm respectively. Featuring a surprisingly large 31 litre firebox for a compact wood fire. This fire punches well above its weight with a peak heat output of 11kW.

	Clean air approved model
Heat output	11kW peak heat output
Heating area	Heat up to 120m ² / 2-3 bedroom home
Finish	Metallic black high temperature paint
Wetback	Optional 2kW wetback
MfE#	073897 (DRY) / 080009 (WET)
Emission	0.72gms (DRY) / 1.00gms (WET)
Efficiency	78% (DRY) / 66% (WET)
SKU	200-0050

Specifications were correct at the time of printing but may alter and those detailed should be used only as a guide. If in doubt, please consult your local Metro Fires stockist. Peak heat outputs (kW) are based on the NZHHA test method using dry pine with testing undertaken by independent International Accredited New Zealand (IANZ) testing facilities.
