

# Xtreme Ped

The Xtreme Ped features a clean burning firebox design that delivers a peak heat output of 18kW to warm your home. Smooth contemporary styling see this Xtreme as the focal point for warmth and comfort in any modern home. The generous door glass provides the perfect flame view to enjoy on those cold winter nights.

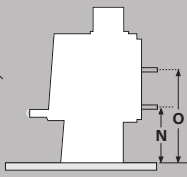

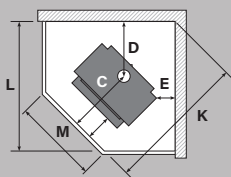

The Xtreme Ped firebox easily handles large pieces of firewood, and can be fitted with a wetback to assist with your water heating requirements. Impressive convection performance to keep the extremes of winter out.
